

Call for Poster Submissions for the 2019 Annual IEP Workshop Deadline to submit abstracts: February 6, 2019

Hear ye, Hear ye! Come join the Interagency Ecological Program's annual workshop as a poster presenter!

The 2019 IEP Workshop Planning Committee is soliciting abstracts for poster presentations. The workshop will be held at the Lake Natoma Inn in Folsom, CA on March 5-7, 2019. The poster reception will be held Tuesday and Wednesday evening (March 5 & 6) and refreshments will be served. Posters may be set up Tuesday morning, and should be taken down Thursday during the lunch break. All poster abstracts will be posted online in PDF format in mid- February.

Poster submission is open to all registered workshop participants. Participants **MUST** register for the workshop in order to present a poster.

The deadline for poster abstract submissions is February 6, 2019 at 5pm. Please email poster abstracts in a word document to Christina Burdi (Christina.Burdi@Wildlife.Ca.Gov). Due to limited space, poster abstract submissions are limited to one per primary author.

All poster abstract submissions must include:

1. Author(s) full names and affiliations, including mailing address, phone, and email address
2. Title
3. Abstract in 300 words or less.

Poster presenters will again have the opportunity to encourage visitors to their poster during the Poster Poetry Slam. Briefly introduce (30 seconds or less) your poster via song, poem, skit, dance, or puppets. Have fun, be creative, entertain everyone, and enlist interest in your poster in the process.

Thank you!

Christina Burdi
